Online Education

1. Does all programs/courses were completed on time.

Yes

2. Measures taken to complete the syllabus of courses and programs.

The existing resources like Webex, Gotomeeting, Zoom, etc. were available to organize a virtual classroom which can be viewed through mobiles also. The other applications of white board facility like Opentext, Blackboard Learn, etc, along with Flipgrid, answergarden, online interactive quiz tools- kahoot were learnt and used to make the classes more interactive. The idea of the "flipped classroom" was introduced to enable students to learn at their own pace, and to give the instructor more time to teach each student individually, rather than the class as a whole. Most of the faculty members have attended FDPs on Teaching Learning Process in online mode and understood Open Educational Resources (OER), Moodle, and video lectures available on web of various foreign universities to make the classroom an active learning environment. The following are the measures taken to complete the syllabus during lockdown- 1. Started with collection of email IDs and contact numbers of all the students. Groups are created as per the year of student in the LMS like Google Classroom and for group chat -WhatsApp or Telegram groups were created. 2.All the instructions required for smooth running of online class were given to the students like the data packs that they should have, time tables, how to use different Apps or tools, etc. 3.Teaching material and assignments related were shared on Google Classroom. 4.To make students more responsive, a few open-ended questions related to the topic during the online session were done. 5.Mind maps are used to explain the overview of the topics. 6.Online quizzes were conducted frequently to make continuity in the study. 7.Feedbacks were taken from the students to help us learn their point of view about the session. 8.Students were also given online training for placements which were done through online mode. 9.Students were encouraged to take up MOOCs courses from Coursera, Edx, NPTEL, SWAYAM, spoken tutorials, etc. 10.Faculty and students have attended many training and certification programs in latest technologies. One challenge was conducting online practical classes during the lockdown period. It required systematic demonstration of the whole process in the presence of the students. With the support of virtual labs - an Initiative of Ministry of Education Under the National Mission on Education through ICT, a part of laboratory experiments were done through online.

3. The period of delay in completion of syllabus (in months).

0

4. The period of delay in conducting exams (in months).

0
